

5 x HAUBEX Workholding Hood (Item No. 61125)
+ 5 x Makro-Grip® HAUBEX 5-Axis Vise (Item No. 61085-46)

HAUBEX Easter Promotion - Buy 5, pay for only 4!

Promotion terms:

The Easter promotion is limited in time and valid from Monday, April 11, 2022 to Friday, April 22, 2022. For German companies, orders can be placed via email to sales@lang-technik.de or by contacting the responsible sales representative. Orders from companies outside Germany will be processed through the official sales partner in the respective country. Direct orders from abroad to LANG Technik Germany are therefore not possible.

The Easter promotion is only valid for a combination of HAUBEX workholding hood (Item no. 61125) and Makro-Grip® HAUBEX 5-Axis Vise (Item no. 61085-46) in a minimum quantity of 5 pieces each. There are no quantity limits, but the quantities can only be increased in increments of 5 (examples: 10 sets for the price of 8 sets or 20 sets for the price of 16 sets). Promotional prices for only one of the items will not be granted. Other HAUBEX single components are excluded from the Easter promotion. HAUBEX tool holders as well as the HAUBEX zero-point clamping system have to be ordered separately.

Companies that are also end users are eligible to participate in the Easter promotion. Private persons are not eligible. In Germany, trading companies and resellers are excluded from participation. Abroad, the regulations of the respective sales partner apply, as well as their official prices.

There is no right to immediate delivery. Orders of the Easter promotion are excluded from exchange, except for the legal warranty claim.
